[Carpet Beetles](#)
[Silverfish](#)
[Scorpions](#)
[Flies](#)
[Honeybees](#)
[Ants](#)
[Fire Ants](#)

Georgia Pest Control: Termites

Each year, termites cause about 20 million dollars worth of damage to the homes of Georgia residents. If you are a homeowner and have not yet taken steps to prevent or control termite infestation, visit our [Termite Control Page](#) for a complete listing of up-to-date articles and information on how to identify a termite problem and how to decide on the best method of control.

Recommended Products for Termite Control:

1. [Cyper TC \(Demon TC\) Termiticide](#) - Cypermethrin based product that acts as a repellent termiticide to control subterranean termite infestations. 5 Year Residual.
2. [Phantom Termiticide Insecticide](#)
Kills termites by ingestion and contact. Powerful insecticide for ants and cockroaches.
3. [Advance Termite Monitor Bait Station](#)
Used to hold the Advance termite monitoring base and wood base to detect subterranean termites.

Georgia Pest Control: Roaches

Second only to termites in dollars of damage (5 million yearly), the cockroach occupies first place for largest population. At least 50% of all accounts held by Georgia pest control operators have a problem with roaches. For more information on how to identify your roach species or [How to Get Rid of Roaches](#), please click on one of the links.

Recommended Products for Roach Control:

1. [Advance Cockroach Gel Bait](#)
Excellent roach bait gel. Recent field studies have proven that Advance Cockroach Gel Bait is readily accepted by both averse and non-averse cockroaches, including German Roaches.

2. **[Advion Roach Bait Gel](#)**

A superior roach bait gel with a new active ingredient that rivals the popular Maxforce Roach baits.

3. **[Gentrol Point Source](#)**

Contains the Gentrol Insect Growth Regulator (IGR) hydroprene for 90-day control of roaches and other stored product pests.

4. **[Delta Dust Insecticide](#)**

Delta Dust is the only waterproof dust available, great for wall voids and cracks and crevices.

5. **[D-Force HPX - 14 oz.](#)**

Residual insecticide that provides 100% control of crawling pests (including bedbugs and termites) for up to 8 weeks.

6. **[Suspend SC](#)**

Our best selling liquid insecticide concentrate. Suspend SC is excellent for almost all types of insect control.
