

Bonide Gentle Care™ Bloom Builder 4-14-8

GUARANTEED ANALYSIS

Total Nitrogen (N)4%

4% Ammoniacal Nitrogen

Available Phosphate (P_2O_5)14%

Soluble Potash (K_2O)8%

Derived from: Ammonium Polyphosphate and Muriate of Potash. F1290

- For use on all flowering Annuals, Perennials, Vegetables, Shrubs and Trees.
- High Phosphorus formula aids in bloom, yield and color enhancement.
- Unique applicator provides a gentle shower of plant food...allowing you to feed even your most delicate plants.

DIRECTIONS FOR USE:

Apply only as directed. Apply weekly when plants are blooming and throughout the growing season. Spray individual plants thoroughly, applying to both the leaves and the soil under the plant. For best results, apply in early morning to allow absorption and evaporation of daytime moisture from foliage.

Apply at the rate of 3 fl. ozs. per 100 sq. ft. (1 Quart per 1,000 sq. ft.)

Ready-To-Spray Shower Nozzle Instructions:

1. Make sure knob control lever is in "OFF" position, then connect sprayer to garden hose.
2. Turn water on at the faucet. To begin spraying, turn knob control lever to the "ON" position. The plant food mixes automatically with the water as you spray.
3. To stop spraying, turn knob control lever to the "OFF" position. Turn off water at the faucet. To relieve pressure, turn knob control lever to the "ON" position again before disconnecting the sprayer from the garden hose.

STORAGE AND DISPOSAL: Store only in original container and place in a locked storage area. Store and transport in an upright position. Do not reuse container. Rinse thoroughly and discard in trash.

CAUTION: Keep out of reach of children.
