CB TOTAL RELEASE™ FOGGERS
For Roaches, Fleas, Ticks, Houseflies, Mosquitoes, Small Flying Moths, Wasps, Crickets and Silverfish

**PRECAUTIONARY STATEMENTS**
Hazards to Humans & Domestic Animals

**CAUTION**

Harmful if swallowed, inhaled or absorbed through the skin or eye. Avoid breathing mists or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after use. Remove contaminated clothing and wash before reuse. Remove pets, birds and cover fish aquariums before spraying.

**STATEMENT OF PRACTICAL TREATMENT – IF SWALLOWED:** Call a physician or Poison Control Center immediately. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol. **IF IN EYES:** Flush with plenty of water. Get medical attention if irritation persists. **IF ON SKIN OR CLOTHING:** Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists. **IF INHALED:** Remove victim to fresh air. Artificial respiration mouth to mouth. Get medical attention.

**PHYSICAL OR CHEMICAL HAZARDS:** Contains under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use near electrical equipment due to the possibility of a shock hazard. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the “Directions for Use” on this label carefully.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Shake Well Before Use.** Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Do NOT use more than one fogger per room. Do NOT use in small enclosed spaces such as closets, cabinets or under counters or tables. Do not apply in areas with less than 5 ft. x 5 ft. or smaller, except for exterior locations and areas with more than 9,000 cubic feet per fogger. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Use one unit for each 9,000 cubic feet of unobstructed space. Do not remain in the area during treatment. Keep all pets, birds and cover fish aquariums before spraying.

**To Kill Ticks and Fleas:**

Do not apply while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in kitchens, rooms, food processing areas, etc., the treated room should be aired out. Open all doors and windows and allow to air for one-half hour. Repeat spraying in two weeks or when necessary.

**To Kill Ants:**

In hospitals, remove patients prior to treatment. Ventilate area for two hours prior to returning patients.

**To Kill Cockroaches, Fleas, Ticks:**

Do not apply in areas with less than 5 ft. x 5 ft. or smaller, except for exterior locations and areas with more than 9,000 cubic feet per fogger. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Use one unit for each 9,000 cubic feet of unobstructed space. Do not remain in the area during treatment. Keep all pets, birds and cover fish aquariums before spraying.

**Use:**

Shake Well Before Use. Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Do NOT use more than one fogger per room. Do NOT use in small enclosed spaces such as closets, cabinets or under counters or tables. Do not apply in areas with less than 5 ft. x 5 ft. or smaller, except for exterior locations and areas with more than 9,000 cubic feet per fogger. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Use one unit for each 9,000 cubic feet of unobstructed space. Do not remain in the area during treatment. Keep all pets, birds and cover fish aquariums before spraying.

**TO OPERATE VALVE:**

To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for two hours after spraying.

**STORAGE & DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store in a cool, dry area away from heat or open flame.

**DISPOSAL:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. DO NOT PUNCTURE! If recycling is not available, wrap the container and discard in the trash.

Authorized by USDA for Use in Federally Inspected Meat and Poultry Plants.
