FIRST AID

If on skin
• Take off contaminated clothing. 
• Rinse skin with plenty of water for 15 to 20 minutes. 
• Call a poison control center or doctor for treatment advice.

If in eyes
• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. 
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. 
• Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL (continued)

Disposal: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. 

If partly filled:
• Call your local solid waste agency for disposal instructions. Never place unused containers on landfills.

HOT LINE NUMBER [PYRETHROID]

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-334-7577 for emergency medical treatment information.

CAUTION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Containers larger than one pound means, with extension tubes if necessary, thoroughly dust nest and entrance and surrounding areas where insects alight. Nests in wall voids can be located by listening with your ear against the wall. One or two days after treatment to ensure complete kill, then remove and destroy nest to prevent emergence of newly hatched insects. If removal is not feasible, retreat the nest if necessary. Care should be taken when treating overhead nests so that neither the product nor the nest falls on people standing below.

PRINTED ON: American Cockroach infestations in sanitary sewers may be treated with approximately 6 ounces of Drione per manhole. When treating sewers, one manhole per 200 feet of line should be treated. Treat manholes adjacent to treated manholes with a continuous visible film underneath and behind stairs, refrigerator and other equipment. 

PIONS:
Apply around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas and other locations where these pests are found.

IMPORTANT: READ BEFORE USE
