SHAKE WELL BEFORE EACH USE

ecosmart FLYING INSECT KILLER
-THE SAFE PESTICIDE BRAND

The active ingredients in EcoSmart® Flying Insect Killer consist of a blend of essential plant oils, making it an effective insecticide that is environmentally friendly. It is also safe for use around children and pets when used as directed. To learn more about this product and our entire line of pesticides, please visit us at www.ecosmart.com.

DIRECTIONS FOR USE:

SHAKE WELL BEFORE EACH USE.

FLYING INSECT TREATMENT: Kills common house flies and mosquitoes by contact. Hold container upright and aim nozzle at red dot on rim. Press button firmly to spray. Direct spray at flies and mosquitoes, exposing as many of them as possible. Spray in short 2-3 second bursts. Repeat as flies and mosquitoes are seen.

NOTE: This product contains plant oils which are inherently fragrant. For people who are fragrance sensitive, test a small application before using over a larger area. As with most household products, this insecticide will stain any surface that water alone will stain. This product is not recommended for use on vinyl siding, or window or door casements made of vinyl moulding. Be careful when spraying around plants, as some plants with tender tissue and/or tender new growth may be sensitive to essential oils.

STORAGE & DISPOSAL: Store in a cool, dry area away from heat or open flame and inaccessible to children and pets. When container is empty, recycle if available.

PRECAUTIONARY STATEMENTS: This product contains wintergreen oil which may be harmful if swallowed and may irritate skin. Avoid contact with eyes & skin. This product contains plant oils that are inherently fragrant. Use in well ventilated areas. Breathing vapors or mists may trigger breathing difficulty in asthmatics and others with allergies, physiological sensitivities or medical conditions. After use, vacate the treated area and allow sprays to dry before re-entering. When used indoors, wipe away excess product to avoid slipping.

PHYSICAL HAZARDS: Contents under pressure. Keep away from heat, sparks and open flames. Do not puncture or incinerate container. Exposure to temperatures above 130° Fahrenheit may cause container to burst.

FIRST AID:

If swallowed: Call a poison control center or doctor for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

LIMITATION OF LIABILITY: To the extent consistent with applicable law, Kittrich Corporation makes no warranties of merchantability or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with label directions and precautions. As with all of our products, we recommend the buyer read and review all label information prior to product usage.

This product has not been registered by the US Environmental Protection Agency. Kittrich Corporation represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.
