

FENVASTAR PLUS

A Big Pint of Fenvastar Plus 8.4% EC from LG Life Sciences

With Fenvastar Plus 8.4% EC, LG Life Sciences continues its environmental stewardship of its formulations by providing a highly concentrated esfenvalerate product for the Professional Pest Management market. LG uses less solvents and emulsifiers (petroleum products) in Fenvastar Plus than current products on the market. Plus, because Fenvastar is more than 2x more concentrated, you use fewer bottles (more petroleum products saved).

GO FOR THE BIG PINT

Fenvastar 8.4% EC = 38 gallons of finished spray from one pint of concentrate at low rate vs similar market leader with only 16 gallons of finished spray from a pint.

Fenvastar 8.4% EC = 38 gallons

Similar Market Leader = 16 gallons

Fenvastar Plus Works!

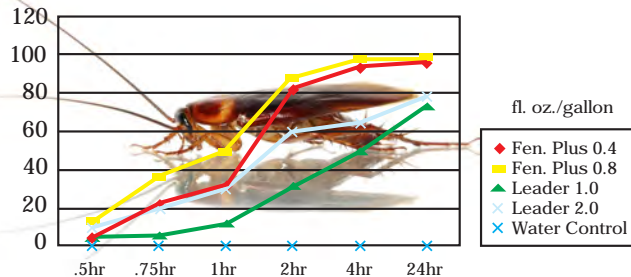

Not only is Fenvastar Plus more environmentally friendly, it outperforms the similar market leader on fleas and roaches.
