

Questions & Answers on the usage of **All Natural Snail & Slug Spray RTU**

What is All Natural Snail & Slug Spray RTU?

It is a combination of naturally occurring plants and oils that are toxic to snails and slugs. They control the pests either by contact when applied directly on them or by repellent action. It can be used over a wide range of temperatures and can be used on food crops up to the day of harvest.

What can I use All Natural Snail & Slug Spray RTU on?

It can be used on all vegetables including herbs, small fruits and berries, grapes, citrus, outdoor ornamentals, flowers, greenhouse grown vegetables, greenhouse grown ornamentals and lawns.

When and how do I apply All Natural Snail & Slug Spray RTU?

It comes in a RTU (ready to use) bottle with a spray attachment. The best time to apply is early morning or late evening, that is when snails and slugs are the most active. For best results, use on a repeated basis.

Is All Natural Snail & Slug Spray RTU organic?

It meets the program standards set forth by the National Organic Program (NOP) final rule 7CFR Part 205.
