20 lbs 64 cases per pallet

## Rose Food

**Designed for Roses to provide the right nutrients to produce green leaves and essential new growth on which new blooms develop. Contains 14% Nitrogen for green growth, producing more and bigger canes, stems and leaves; 12% Phosphorus for root growth and increased flower production; 11% Potash to promote vigorous growth so plants are better able to resist disease and cold; and micronutrients for added color.**

### Application Rate:

- Apply monthly during the growing season.
- Rose beds: Spread 2-3/4 lbs. evenly over 100 sq. ft.
- Individual bushes: Spread 1/3 cup evenly under the widest spread (drip line) of branches.
- DO NOT spread on foliage.

Always Read and Follow Label Directions
