

## NEW CAPCYZE™ 9.7 CS WITH ENVIROCAP™ TECHNOLOGY – POWERFUL CONTROL OF FLYING AND CRAWLING INSECTS IN AND AROUND ANIMAL HOUSING FACILITIES

New CapcYZe™ 9.7 CS from Tigris contains lambda cyhalothrin, one of the most powerful active ingredients available for crawling and flying insects. With rapid knockdown and long residual control, CapcYZe protects animal housing by offering unbeatable control of more than 60 flying and crawling insects.

CapcYZe is formulated with EnviroCap™ technology to prevent rapid breakdown and protect the active ingredient from UV light, heat and moisture for longer residual control. The capsules stick to the insect's waxy cuticle resulting in rapid knockdown and long residual control.

### KEY BENEFITS

- Rapid knockdown and excellent residual control
- Powerful premise control of problem insects like darkling beetles, spiders, mosquitoes, and pit flies
- Broad-spectrum control of more than 60 flying and crawling insects
- With EnviroCap Technology for up to 60 days or more of residual control
- General surface, spot, mist, crack and crevice and low volume fogging equipment

### PRODUCT NOTES

**EPA REGISTRATION #**  
74530-53-92022

**ACTIVE INGREDIENT**  
Lambda Cyhalothrin 9.7%

**FORMULATION**  
Capsule suspension

**SIGNAL WORD**  
Caution

**MODE OF ACTION**  
Sodium channel modulator

**IRAC Group**  
3

**PACKAGE SIZE**  
Squeeze and measure 12 x 8 fl oz; 6 x 1 Qt

**RESTRICTED USE**  
No

# CAPCYZE™

## 9.7 CS INSECTICIDE

### USE SITES

- Premise applications in and around livestock/poultry housing structures
- Pet kennels
- Residential, commercial & institutional premises
- Food handling establishments
- Lawns, turfgrass & ornamentals
- General surface (nonfood/nonfeed areas), crack and crevice, or spot treatment in, on, and around buildings and structures and their immediate surroundings, and on modes of transport

### PREMISE INSECT CONTROL

### KEY INSECTS CONTROLLED

#### COMMON PESTS

- Beetles
- Boxelder bugs
- Carpenter bees
- Clover mites
- Cluster flies
- Crickets
- Earwigs
- Firebrats & silverfish
- Millipedes
- Pillbugs
- Sowbugs
- Spider mites

#### PUBLIC HEALTH PESTS

- Bedbugs
- Bees
- Centipedes
- Cockroaches
- Fleas
- Flies
- Mosquitoes
- Scorpions
- Spiders
- Ticks
- Wasps

#### PANTRY & STORED PRODUCT PESTS

- Carpet beetles
- Cigarette beetles
- Confused & red flour beetles
- Lesser grain borers
- Rice weevils
- Saw-toothed grain beetles

#### ORNAMENTAL PESTS

- Fall webworms
- Lace bugs
- Scales
- Over 40 other listed pests

#### LAWN/TURFGRASS PESTS

- Chinch bugs
- Cutworms
- Over 20 other pests
