(S)-methoprene: .............................................. 9.80%

OTHER INGREDIENTS: .................................................. 0.40%

TOTAL: .............................................................. 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

HAZARDS TO DOMESTIC ANIMALS. For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Over dosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, aged, pregnant or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated even after bathing, water immersion, or exposure to sunlight. Allow treated area to three months. Apply monthly if your dog is at high risk for flea reinfestation. Apply

How to apply:

1. Remove product tubes from the package.
2. Separate one tube from the others. Hold the tube with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the lines.

FIRST AID

If swallowed: Call a poison control center or a doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Flush eyes with plenty of water. Call a doctor if irritation persists.

If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-844-685-9173 for emergency medical treatment information.

DIRECTIONS FOR USE

How to Open
1. Remove product tubes from the package.
2. Separate one tube from the others. Hold the tube with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the lines.

How to apply:

1. Invert tube over dog and use open end to part dog’s hair. Squeeze tube firmly to apply all of the solution to the dog’s skin, as directed below. Do not apply more often than once every 4 weeks.
2. Apply one tube as a spot on the dog’s back between the shoulder blades.
3. Rinse off the applicator and the surrounding skin with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FREQUENCY OF APPLICATION

Use ZoGuard Plus for Dogs monthly for complete control of flea, tick, and chewing lice infestations. Studies show that ZoGuard Plus for Dogs kills adult fleas for up to three months. Apply monthly if your dog is at high risk for flea reinfestation. Apply monthly to control ticks and chewing lice. ZoGuard Plus for Dogs remains effective even after bathing, water immersion, or exposure to sunlight. Allow treated area to dry thoroughly. Do not reapply for 39 days.
