APPLICATION

Do Not Dilute | Not For Use on Plant Life

1 Gallon per 1500 square feet

Spray Application | Apply product with any trigger, compression or tank sprayer.

Fog Application | Remove animals & plants. Ensure aquariums are closed or covered. Close all windows & doors. Turn off gas valves. For use with ULV Non Thermal Foggers only.

INSTRUCTIONS FOR USE

Prevention & Maintenance | Spray around windows, doors & baseboards. Spray under sinks, in cabinets, food pantry & around appliances. Safely use on pet beds, furniture, wood floors & carpet. Spray into AC return to eliminate dust mites.

Bed Bug Treatments | Spray & remove all bedding materials (including sheets, pillows, blankets & comforters). Wash in hot water & dry on high heat. Treat mattresses & box springs; especially around tufts, folds, seams and edges. Treat the top mattress, remove to floor & treat the underside. Treat box springs, remove to floor & treat the inside. Treat cracks, joints, interior & underside of bed framework. Treat furniture (including cushions & cushion well),

baseboards, moldings, floors, & all cracks & crevices in the room. Let spray dry before putting bedding materials back on. Repeat treatment as necessary.

Flea & Tick Treatment | For infestations or to ensure 100% elimination, treat all flooring & furniture. Hold spray applicator 12 inches (30 centimeters) above surface area and apply uniformly to all areas such as carpets, wood flooring, rugs, cloth upholstery, furniture & pet bedding. Contact fleas & ticks directly to kill pests & life cycle stages. To control the source of flea & tick infestations, outdoor areas should be treated with Wondercide EcoTreat & pets with Wondercide EVOLV. Test fabrics before use.

Flying Insect Treatment | To kill flying insects aim spray toward insects & nest. Insects contacted by spray will be killed. Wipe away excess spray after application.

How It Works

The active ingredient in Wondercide products block the neurotransmitter octopamine, killing & repelling insects instantly. Octopamine is only found in insects, so BIODEFENSE® is safe for use around pets & people. Wondercide products also kill eggs, larvae & pupae on contact.

Wondercide BIODEFENSE® kills on contact & is a powerful, lasting repellent.
