

DEMIZE® E.C.

Flea Control Concentrate

Fast control of adult fleas.

To stop fleas,
you have to do
more than kill the
adults. Solve the
whole problem
with Demize E.C.

PRODUCT DESCRIPTION

Demize E.C. is effective on every stage of flea development. In fact, **Demize E.C. kills all four stages of fleas on contact**, which helps prevent reinfestation. **Demize E.C. applied directly to adult fleas provides a 100% knockdown in 15 minutes**, which can prevent callbacks often associated with slower-acting insecticides.

APPROVED USE

Labeled for control of fleas on rugs, carpets, pet resting areas, under cushions of furniture, in cracks or crevices (non-food areas), and around baseboards.

Do not spray pet with this product. Do not use full strength.

APPLICATION TECHNIQUES

- Use alone to provide control of fleas without leaving a pesticide residual on the carpet
- Tank mix with a growth regulator, such as **Surge™ containing Nylar® IGR**, to provide the long-lasting effect of growth regulators
- Tank mix with a residual insecticide, such as **CONQUER®**, to obtain long-term residual control of adult fleas

2–3 oz of Demize E.C. are diluted per gallon of water, and applied at a rate of 1 gallon per 1,000 square ft.

FEATURES

- Contains the botanically derived insecticide Linalool with a low level of toxicity
- Eradicates not only the adult fleas, but all four stages of flea development on contact
- No pesticide residual left on the carpet after the carpet dries
