SHAKE WELL BEFORE EACH USE

ecosmart MOSQUITO FOGGER
-THE SAFE PESTICIDE BRAND

The active ingredients in EcoSmart® Mosquito Fogger consist of a blend of essential plant oils, making it an effective insecticide that is environmentally friendly. It is also safe for use around children and pets when used as directed. To learn more about this product and our entire line of pesticides, please visit us at www.ecosmart.com.

DIRECTIONS FOR USE:

SHAKE WELL BEFORE EACH USE. FOR OUTDOOR USE.

FOGGER TREATMENT: Kills by contact. Hold container upright and aim nozzle at red dot on rim. Press button firmly to spray. Spray with a slow, sweeping motion. For best results, spray when air is calm and work backwards to avoid drift. Spray with wind, when applicable. Spray areas infested with flies and mosquitoes. Give special attention to breeding areas such as garbage cans and compost piles. Expose as many flies and mosquitoes as possible. Allow a few minutes for product to take effect. To reduce annoyance from these flies and mosquitoes, treat open porches, decks, patios, screens, and other areas where flies and mosquitoes may alight or congregate in a similar manner. Repeat as flies and mosquitoes are seen. Be careful when spraying around plants as new growth or tender foliage may be harmed. Avoid spraying directly on plants. Foliage exposed to spray should be hosed off.

NOTE: This product contains plant oils which are inherently fragrant. For people who are fragrance sensitive, test a small application before using over a larger area. As with most household products, this insecticide will stain any surface that water alone will stain. This product is not recommended for use on vinyl siding, or window or door casements made of vinyl moulding. Be careful when spraying around plants, as some plants with tender tissue and/or tender new growth may be sensitive to essential oils.

STORAGE & DISPOSAL: Store in a cool, dry area away from heat or open flame and inaccessible to children and pets. When container is empty, recycle if available.

PRECAUTIONARY STATEMENTS: This product contains wintergreen oil which may be harmful if swallowed and may irritate skin. Avoid contact with eyes & skin. Breathing vapors or mists may trigger breathing difficulty in asthmatics and others with allergies, physiological sensitivities or medical conditions.

PHYSICAL HAZARDS: Contents under pressure. Keep away from heat, sparks and open flames. Do not puncture or incinerate container. Exposure to temperatures above 130° Fahrenheit may cause container to burst.

FIRST AID: If swallowed: Call a poison control center or doctor for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

LIMITATION OF LIABILITY: To the extent consistent with applicable law, Kittrich Corporation makes no warranties of merchantability or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with label directions and precautions. As with all of our products, we recommend the buyer read and review all label information prior to product usage.

This product has not been registered by the US Environmental Protection Agency. Kittrich Corporation represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.
