

InVite™

fruit fly lure

Non-toxic Gel Lure for Small Flies

Product Code:

IFFL035: Single 35 g syringe with plunger

Non-Toxic Gel Lure

Promotes efficient trapping and monitoring of small flies at a minimal cost.

Attracts Red-eyed Fruit Flies, Dark-eyed Fruit Flies, Phorid Flies and Drain Flies

Packaged in Standard Size Bait Syringes

Best Results are Achieved When Applied Directly to Any Insect Glue Board

Such as the D-Sect™ Custom Glue Board.

Can Be Applied Onto Surfaces Treated With a Microencapsulated Product

Creating a “kill zone” where flies are attracted, land, contact the residual and die.

Green Zone™ Product

Suitable for green service programs.
